## Belan Tree Nursery

Belan, Llanfair Caereinion, Powys, SY21 0BS

**Contact:** Aled Morris

**Tel:** 01938 810345 **Mobile:** 07976 980902

Belan is part of Pont Bren - a group of farmers near Llanfair Caereinion cooperating to manage land in a more sustainable manner. As part of the co-op, waste wood from hedges and woodland management, is chipped and used for animal bedding as a cheaper alternative to straw.

The composted wood-chip, animal bedding is then sieved and used as a medium to grow local provenance trees, which are then planted out on the farms, completing a circle. The commercial nursery, located at 300m altitude, supplies a range of hedging and forestry species, which are mainly bare-rooted.

## Blaencamlais Fach Tree Nursery

Blaen Camlais Fach, Libanus, Brecon, LD3 8NR

**Contact:** Ann Frazer

**Tel:** 01874 638827

**Email:** frazerandsmall@keme.co.uk

As hill-farmers participating in Tir Gofal themselves, Ann and Martin are familiar with buyers requirements for native woodland planting and hedgerow renovation. Their nursery, at 300m altitude employs organic

growing methods to produce a range of quality, container-grown tree seedlings. They also run a mobile saw-milling and timber supply enterprise.

## Old Chapel Nursery

Chapel House, Glan y Nant, Llanidloes, SY18 6PQ

**Contact:** Gareth Davies

**Tel:** 01686 414982

**Email:** gareth@welshtrees.co.uk

Supplying a range of cell-grown and field-grown native trees of local provenance. Trees for both forestry and hedging are grown using organic methods on the holding at 300m altitude, along with a range of seasonal

vegetables, supplied to a variety of local outlets including farmers markets, wholefood shops and cafes in Llanidloes.

## Tree Haven Nursery

The Old Bull Pen, Doldowlod Hall, Newbridge on Wye, LD1 6HG

**Contact:** Lucy Bayliss

**Tel:** 01597 824882 **Mobile:** 07765 564411

**Email:** babybayliss@hotmail.co.uk

Based in Mid Powys we grow a range of cell-grown, local provenance trees as well as shrubs e.g. Honeysuckle, Dog Rose. We are also keen to grow Aspen in order to help increase the numbers of this scarce tree in

Powys. Perry and Lucy have a lot of horticultural experience between them and production will be according to organic principles. Lucy has an HNC in Organic Professional Gardening. The Nursery is situated directly off the A470 at an altitude of 170m. Growing to order is welcome.

## Cambrian Mountain Willow

9 Sychpant, Newbridge-on-Wye, Llandrindod Wells, Powys, LD1 6LE

**Contact:** Rob Luxton

**Tel:** 01597 860677

[www.cambrianmountainwillow.co.uk](http://www.cambrianmountainwillow.co.uk)

Located at 200m altitude, near Newbridge on Wye, we specialise in cuttings / planting material of willows and other species; for craft, biomass and other purposes.

## Coed Heddwch Tree Nursery
